

# RFA Compass

## Fully Managed IT & Telecom Solution

*The most comprehensive IT & Communications solution for Hedge Funds available today.*

As a Hedge Fund manager, you want your technology partners to provide support that not only speaks to your firm's current demands, but prepares for growth and stays ahead of the curve as new technology, communications and regulations evolve.

You want your IT and Communications team help you smoothly navigate the course that may still be uncharted.

### *Reliable. Responsive. Relevant.*

Through RFA Compass you have access to a range of services. We will provide any and all of the technical support, installation, integration and configuration your firm's technology platform currently requires, while anticipating your future demands.

Leave the management of IT and Communications to our experts, so you can concentrate on your core business—the advancement of your fund.

### *RFA understands that in the Hedge Fund industry, minutes can mean millions.*

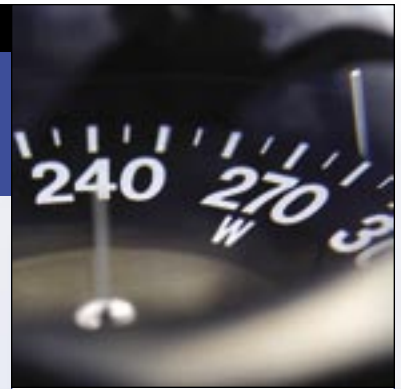

RFA has developed RFA Compass to help you reach your goals by allowing you to put your energy into your core business while leaving the technology and communications issues to us.

#### *A single point of contact*

- RFA Compass was developed in response to Hedge Fund managers' request for a comprehensive IT and Communications solution with built-in response and accountability.
- Partnering with RFA means you'll work with a team of dedicated professionals whose priority is to always deliver quality, timely and professional service.
- As your fund grows, so does the complexity of your technology. With RFA as your long-term partner, you can take your mind off the complexities of technology.

#### *RFA keeps the information flowing*

- The increasing flow of market news and data that must be captured, assembled, analyzed and distributed before being put to use has placed greater demands on the technology systems used by almost all Hedge Funds.
- We understand the requirements of your business as well as the nature of legislative evolution in the Hedge Fund industry. Our robust, comprehensive IT and Communications solution, RFA Compass, will keep you pointed true.
