Richard Fleischman & Associates (RFA) has announced the availability of new 'Safe Harbor' facilities and services. Located in Purchase, NY, Safe Harbor combines high quality physical business recovery facilities, business continuity professional services and technology support. Dedicated disaster recovery seating is also available.

Safe Harbor is aimed at the fund management market and 'puts smaller funds on a level playing field with larger funds'. Each client has access to meeting and conferencing facilities, gym and showers, a choice of two cafeterias and ample parking. The data center and offices feature dedicated UPS power with emergency generator backup and multiple major Internet service providers.
